

## Improve your business with the no purge mid range dispenser

Introducing the new piston pump turntable paint dispenser T300, your ideal investment for efficient paint dispensing. NoPurge, easy maintenance, and cost-effectiveness in one. With options to fit any need, it is perfect for every paint store.

With the COROB NoPurge Piston Pump (NPP) technology, it reduces waste by eliminating daily purging, ensuring cost savings and environmental protection. Designed for long-term value, the T300 offers easy maintenance with quick installation, repairs, and accessible components.

Experience seamless tinting with Dynamic Speed Control, which automatically adjusts dispensing speed based on colorant viscosity. This advanced feature minimizes errors and guarantees consistent tinting results, even when handling challenging colorants. Combined with the precision and speed of the 0.5 l/min flow rate piston pump, the T300 delivers unparalleled efficiency and reliability.

Choose from different canister size layouts to match your workflow perfectly. The T300 handles various colorants and it is equipped with a patented active stirring system for smooth, well-mixed dispensing.

Designed for operator comfort, the T300 features an ergonomic design for effortless refilling and includes customizable shelf solutions, the semiautomatic puncher is also available. The optional TOUCHcontrol interface provides real-time feedback, simplifying operations and maintenance.

Benefit from our EVOService program for easy setup, serviceability, and remote diagnostics. The T300 even provides a dedicated ergonomic workstation, keeping your shop workspace optimized and comfortable.

### **NO PURGE**

NoPurge feature for excellent colorant handling eliminating waste and mistints

### **VALUE FOR YOUR INVESTMENT**

Easy and cost-effective service extend equipment life and enhance financial efficiency

### **DYNAMIC ADAPTABILITY**

DSC adapts dispensing to your colorants for flawless tinting results

### **FAST AND ACCURATE**

Speed and accuracy with the 0.5 l/min flow rate piston pump dispensing

#### **ABOUT US**

COROB, a GRACO company, is a global leader with a long and successful history in developing, manufacturing and delivering high-tech dispensing and mixing solutions for the widest range of tinting applications. Our offering is supported by a global service network making COROB a total solution provider.

# T300

## Technical data

Business environment	Paint stores and DIYs
Volume output	Low / Medium
Dispensing technology	NoPurge Piston pump (NPP)
Dispensing flow	Sequential turntable (bidirectional)
Circuit flow rate [l/min]*	0.5
Minimum dispensed quantity [fl.oz.] (cc)*	1/576 (0.051)
Valve type	Sphere valve
Canister configurations	Up to 24
Canister sizes [l] (q-G)	1.5 (1.58) / 2.3 (2.4) / 4.3 (4.5)
Colorant compatibility	Water, Universal, Solvent
Dimensions HxLxD [mm] (in)	1447 x 817 x 930 (56.9 x 32.2 x 36.6)
Footprint [sqm] (sq ft)	0.76 (8.18)

\* Values highly affected by the nature of the colorants and their rheological properties.  
 Note: Product not for Chinese market.
