

The perfect standard that matches your no purge needs

The new piston pump turntable paint dispenser is designed for easy and sustainable tinting. Ideal for paint stores, DIYs and professional paint stores, the T400 is optimized to provide the best performance while reducing environmental impact.

Its efficient nozzle closing, pipeless circuits, and advanced stirring action into the canister make the colorant handling optimized with effective colorant saving. Designed for easy and sustainable tinting, the T400 features NoPurge Piston Pump technology, eliminating the need for purging and reducing colorant waste.

Its high-speed dispensing ensures fast and accurate color matching, while the ergonomic design makes refilling and dispensing effortless. The T400 offers versatile canister options to suit your needs, optimizing efficiency and minimizing refill time. Its advanced active stirring keeps colorants perfectly mixed, ensuring consistent results every time.

The optional integrated TOUCHcontrol interface provides real-time feedback, intuitive controls, and step-by-step maintenance tips, making it easy to keep your dispenser in peak condition.

With quick installation, easy serviceability, and remote diagnostics, the T400 maximizes uptime and minimizes maintenance hassle.

With its external dispensing head T400 can be used in combination with an external roll conveyor and create a small 'in-line' system, the semiautomatic puncher is also available. The energy-saving technology and optional accessories, like temperature sensors and integrated heaters, ensure optimal performance even in challenging conditions.

Experience the perfect blend of innovation, efficiency, and sustainability with the T400. Transform your tinting process and achieve flawless results with ease.

NO PURGE

NoPurge feature for excellent colorant handling eliminating waste and mistints

EASY SERVICE

Quick installation, easy serviceability, and copied calibration

FAST AND ACCURATE

High speed and accuracy with the 1 l/min flow rate piston pump dispensing

ERGONOMIC

Designed to ensure the best user experience in all phases of the dispensing process

ABOUT US

COROB, a GRACO company, is a global leader with a long and successful history in developing, manufacturing and delivering high-tech dispensing and mixing solutions for the widest range of tinting applications. Our offering is supported by a global service network making COROB a total solution provider.

T400

Technical data

Business environment	Paint stores, DIYs and professional paint stores
Volume output	Medium
Dispensing technology	NoPurge Piston pump (NPP)
Dispensing flow	Sequential tuntable (bidirectional)
Circuit flow rate [l/min]*	1
Minimum dispensed quantity [fl.oz.] (cc)*	1/576 (0.051)
Valve type	Sphere valve
Canister configurations	Up to 24
Canister sizes [l] (q-G)	1.5 (1.58) / 2.3 (2.4) / 4.3 (4.5) / 6 (6)
Colorant compatibility	Water, Universal, Solvent
Dimensions HxLxD [mm] (in)	1447 x 817 x 930 (56.9 x 32.2 x 36.6)
Footprint [sqm] (sq ft)	0.76 (8.18)

** Values highly affected by the nature of the colorants and their rheological properties.
Note: Product not for Chinese market.*
